"I chose to do my academic exchange in Italy for the international reputation of Bocconi. Before my departure, the Study Abroad Office (SAO) of EDHEC helped me with my application, my ERASMUS scholarship request, and my choice of courses. Also, during the Beyond Borders fair, I received advice from EDHEC students who did an exchange in Italy in the past. At Bocconi, I studied with other exchange students from prestigious international schools and I could truly identify as a Bocconi student thanks to the events and activities happening on campus."

"I studied in New York City at Pace University (GMC) for one semester. I was able to choose a "fashion marketing" elective class, which became my favourite class. Our professor invited many VIP guest speakers in class to share their knowledge and experience with us. It was a true source of inspiration and motivation to pursue my career in this marketing field. I also enjoyed our "Entrepreneurship" course. We had the chance and the honour to learn from Professor Bruce Bachenheimer. We learned a lot about taking opportunities, how to see the value in tiny things, and how to take the plunge to build a business."

Oumaima Habach,
EDHEC International BBA, 2021

SPECIALISATION – years 3 & 4

Students choose their specialisations in Year 3 and 4. Whether through **academic specialisations** (Marketing, Finance, Audit, HR), **business specialisations** (E-commerce, Investment banking, Luxury goods, Entrepreneurship, Retail) or even an **International Business Track**, this is when students firm up their career plans and, in many cases, go on to complete a Master of Science in their chosen field.

“Working for the environment has fascinated me. These 6 months have been rich in project development but also in event organization. Moreover, one of my missions focused on communicating information related to the environment and the protection of resources on different platforms. I also collected and analysed data concerning energy and waste. Finally, the aspect of the internship that interested me the most was the creation of a circular economy with one of the private actors of the island. My desire to work in the sustainable development sector was confirmed after this first experience.”

Camille took the “hospitality and Event Management” specialization in Year 3. She put her international career plan into action by finding an end-of-study internship at the InterContinental Bora Bora Resort.

Camille Quartana,
EDHEC International BBA 2019

“I chose EDHEC for its prestige, the mandatory work placements and international experience. It has been a successful gamble because while I was doing my Bank, Insurance, and Wealth Management concentration studies, I successfully found work placements in renowned companies in finance. I never could have had such amazing work experiences without studying at EDHEC.”

Milan Stojiljkovic,
EDHEC International BBA, 2019
MSc in Finance, Imperial College London, 2020

“At 12 years old, I was already having fun selling things on eBay. It was obvious to me to choose the e-commerce specialization for my last year of studies. The EDHEC International BBA programme is very thorough, going from implementing digital strategies to a strong gain of hard skills and the possibility to take part in Hackathons with the biggest leaders on the market (Meetic, IBM, Orange...). To conclude my BBA, I had the opportunity to work for Google as an Account Manager in Paris. My mission was to help companies launch their Adwords campaigns and planning relevant and profitable strategies. I took part in an internal contest and got elected “Best HiPo Google France Sales Pitcher Q217” at only 21 years old. Then, I got into the MSc. in Data Analytics & Artificial Intelligence at EDHEC. It felt essential to me to pursue my studies in data analysis because the future is Artificial Intelligence.”

Tom Rozière,
EDHEC International BBA, 2017
EDHEC MSc in Data Analytics & Artificial Intelligence, 2018

“One of the characteristics of the English-taught e-commerce specialisation is that certain classes are given by professors from different disciplines, such as strategy or marketing, allowing for a dual perspective and a more contextualised approach to a given topic. Students are encouraged to obtain certification, from Google for example, to increase their employability. Some 30% of e-commerce students go abroad for their final six-month placement, to Canada, the US, Australia, Asia, and so on.”

Loick Menvielle, PhD.
Professor of Marketing, Innovation Management, E-commerce, E-health for BBA, Master and MBA students

TO WATCH ON THE

“If you sit in my classroom for three hours and I don't stretch you or give you a slightly different perspective, then I failed as a teacher. My teaching style is all discussion-oriented, I teach only through case studies mainly, the students have to go out and research industries and they do presentations in the class. EDHEC students have been absolutely wonderful in that particular part.”

“World's best business professor”
by *The Economist* in 2013

“Coming from Hong Kong, I knew from the start that I wanted to travel during my studies. In Singapore, our professors have an incredible background, and it is an honour to learn from their expertise. Our digital marketing professor, Prof. Vijay Sethi, has been elected best professor in the world in 2013 (The Economist). His pedagogy is outstanding and he really knows how to captivate the entire class. My International Finance professor, Dr Siriwan Chutikamoltham, has a lot of professional experience in Finance, she holds a PhD from Harvard, USA. She is always ok to take extra time to help if we have questions. At the end of this year, I hope to gain extensive knowledge about the specificities of the Asian market.”

STUDY ABROAD OFFICE

The Study Abroad Office (SAO) is the dedicated academic exchange service to help you plan your time abroad, before, during, and after your stay. An academic exchange is a semester-long immersion at one of our partner universities or business schools and is a unique opportunity to grow your international profile in a multicultural environment, get to grips with complex international economic issues and learn to face cultural differences. Studying abroad is the opportunity to develop your skills with a view to building your future career or continuing your education post-BBA.

The Study Abroad Office organises a number of events throughout the year:

INTERNATIONAL FORUM

EDHEC students who have already completed their academic exchanges, as well as international students, present their universities.

PRE-DEPARTURE BRIEFINGS

Small group sessions that provide students with practical, cultural and academic information about their forthcoming exchange.

BEYOND BORDERS

An activity day to address academic, practical and cultural concerns students may have about their stay.

WELCOME BACK COFFEE

An opportunity for students to discuss their international experience during a “Welcome back!” event.

“An academic exchange abroad is a unique, unforgettable, life-changing experience that is very much appreciated by future employers!”

Andrea Butterweck,
International Relations Manager,
EDHEC Business School

"I spent all my career in the tech/digital industry, working for both big tech names (Google, LinkedIn, Rakuten) but also smaller start-ups (Deliveroo, Rocket Internet). Mostly, I worked in the APAC region: Shanghai, Tokyo, and now Singapore. EDHEC Business School helped me to have a global mindset and vision. My top 1 advice to the next generation of international marketers would be: don't aim for big companies during the first 5 years of your work life. Go for startups, the earlier stage the better, so you'll get to have a strategic and holistic role. This will help you a lot to get strong expertise quickly."

INTERNATIONAL STUDENTS OFFICE (ISO)

The office assists students with all administrative procedures before their arrival and also helps new students adapt to life in France. Staff are ready to help students with questions pertaining to the French medical system, medical insurance, banks, and housing options, and visa procedures. <https://www.edhec.edu/en/iso>

SETTLING IN

We provide a free pick-up service to students from outside the European Union, from the train station or airport to your housing location. Every year, we organise orientation events and multicultural seminars to welcome foreign students to the EDHEC campus.

ACCOMMODATION

As it is not easy for an international student to rent accommodation in France, as most property direct from real estate agencies and landlords require a French guarantor, the International Student Office works in close collaboration with local housing actors so that you do not need a French guarantor in order to secure accommodation. Different options are available in Lille & in Nice, including student residences, studio apartments and flat shares, and our dedicated on-campus residence in Lille.

FRENCH CLASSES

French language courses are offered, free of charge, to facilitate the acculturation of international students.

THE IMPACT OF EDHEC RESEARCH ON YOUR EDUCATION & BUSINESS

Our educational model combines teaching, research and business. Our academic expertise and our understanding of the “real world” generate a virtuous circle of knowledge that benefits not only our academic programmes, but also our business partners and the community as a whole. It make us one of the most referenced business schools in prestigious international media.

APPLIED & PRACTICAL RESEARCH

EDHEC spends more than 20% of its resources on research - the core of its business model. Businesses and value creators benefit directly from research centres' contribution, which guides major institutions in their global business.

ENHANCING EMPLOYABILITY WITH CUTTING-EDGE KNOWLEDGE & TEACHING METHODS

Students are continuously exposed to EDHEC's research, which is folded into effective learning experiences. They can also leverage the global knowledge shared by experts across the vast EDHEC community through the EDHEC Vox magazine and blog. This environment aims to foster the critical thinking, employability and expertise for which EDHEC is renowned. The EDHEC academic community of international level is also recognized in various research fields.

“WE TRULY BELIEVE THAT EMPOWERMENT THROUGH KNOWLEDGE FORGES RESPONSIBLE DECISION-MAKING, FOR ONESELF AND FOR THE WORLD.”
